

FRACTIONAL GENERAL COUNSEL SERVICES

ABOUT ME

I provide legal support with the **clarity, judgment, and responsiveness** of an in-house attorney—*without the overhead of hiring one.*

I began my career in BigLaw before moving in-house as General Counsel and Investment Principal at a venture fund, where I worked closely with more than fifty portfolio companies across sectors and stages.

My approach is practical, relationship-driven, and rooted in helping teams move with clarity.

WHERE LEGAL WORK PILES UP

Legal needs rarely arrive neatly—they surface across teams, at different speeds, and with different levels of urgency.

I bring clarity and structure to legal issues that naturally sit across teams and functions.

HOW I CAN HELP

Commercial & Strategic Contract Support

First-pass **review, redlines, issue-spotting**, and clean handoff to outside counsel—so you're getting the right level of legal support for the issue at hand.

Governance Management

Lightweight, practical cleanup of **board materials, corporate records, and documentation** workflows.

Cross-Functional Ownership

Managing the legal-adjacent work that lives between teams—**clarifying** the issue, **coordinating** stakeholders, and turning guidance into **excellent decisions**.

AT A GLANCE

Immediate Impact Scenarios

- **Contract backlog** slowing execution.
- **Governance or compliance** cleanup.
- Strategic **partnerships, financings**, or investor updates.
